For a complete list of our 2014 grant recipients, please see our website, [ChildrensSupportLeague.org](http://ChildrensSupportLeague.org). Representatives from some of the agencies that have received grants will be on hand during the Tour to discuss the programs CSL has helped fund.

**Making a Home in the East Bay** has never been more exciting.

The vibrant intersection of creativity, art, and community that characterizes the region today is beautifully reflected in

**Five Fabulously Refurbished Homes**

A **dashingly restored 1926 Tudor Revival** wows with a sure-handed mix of flea market finds and high-end design touches that the owner calls classical funky.

Eclectic art collectors lovingly restored an expansive 1920s Spanish Colonial Revival in a beautiful garden setting and added an **ingenious kitchen renovation**.

A young family applied a minimalist aesthetic in a **remarkable contemporary redesign** that opened up a 1979 home to light and the outdoors.

A rambling, gracious 1910 Craftsman with a sumptuous chef's kitchen has been reworked to maximize comfort and **decorated in exquisite taste**.

**Authentic design details** fill a charming, beautifully situated 1920s Spanish Colonial Revival remodeled with respect for its history and the needs of modern family life.
